

LIFEBOOK P7010

Wallet-sized computing in lifestyle design

Issue November 2004

Pages 2

Differentiate yourself through a different notebook. The LIFEBOOK P Series from Fujitsu Siemens Computers opens a new chapter on portable convenience and fun. Enjoy DVDs on an amazingly clear and sharp 10.6-inch wide format XGA Crystal View TFT-display. With a weight of only 1.3 kg the LIFEBOOK P Series is the lightest full functional, modular professional notebook with a brilliant widescreen display. This attention-getting notebook fits even on the smallest airplane tables. But that is not all: With the modular two spindle design, combo drive or DVD-burner, an IEEE1394 connection, S-Video out and CF/SD card slot we are offering what can be called a true multimedia device for every day use. Latest integrated Intel® Centrino™ Mobile Technology offers you the ultimate freedom.

Mobility

- Power-saving Intel® Pentium® M Ultra Processor Low Voltage (ULV) support for long independent working
- Ultra slim modular bay fitting an extra drive or battery for more flexibility
- Ultimate travel companion for modern people
- Lightest multimedia notebook with small housing but great expandability with maximum ports
- Ideal connectivity through integrated modem, LAN and Wireless LAN
- Slim and stylish design for every profile – in and out of the office

Reliability

- Integration of Japanese innovation and Germans quality standard
- Best-in-class manufacturing winning the Industrial Excellent Award 2003 and the Ken Sharma Award 2002
- Short reaction and transportation time
- Highest quality design with magnesium lid
- Mechanical and function stability through extensive quality tests
- Your choice of supply concept for in-time and tailored delivery: value4you, made4you

Manageability

- Easy and remote administration with DeskView client management
- ManageIT: software suites with best integration into your IT environment optionally available

Security

- Easy and secure access and data protection for your business intelligence
- SecureIT: software suite with best integration into your IT environment as option
- F-Secure antivirus software

Ergonomics

- Enjoy the viewing quality of brilliant 10.6-inch wide format XGA Crystal View TFT display
- Excellent resolution and video quality with integrated Intel 855GME chipset
- High resolution, wide screen viewing brings the home theater experience to you through the adoption of a 15:9 aspect ratio
- VGA out for direct connection to a projector or monitor for presentations or desktop use
- S-Video out provides a high quality picture and transforms the notebook into a fullfledge DVD player
- CF- and SD-slot accept quick and easy transfer of digital photos, music or video to your notebook

Operating system

Microsoft Windows XP Professional

Fujitsu Siemens Computers recommends Microsoft® Windows® XP Professional for versatile mobile computing**System**

Processor	Intel® Pentium® M ULV 713 Intel® Pentium® M ULV 733 (from WW49 available)
GHz	1.10 GHz
Second-level cache (KB)	1024 (Intel Pentium M 713) 2048 (Intel Pentium M 733)
Front Side Bus (MHz)	400
Chipset	Intel 855GME / ICH4-M
System memory (MB)	512 DDR SDRAM (PC333) max. 1024 DDR SDRAM
DIMM slots	2
Flash EPROM	Phoenix First BIOS™

Interfaces

1 x type II PC Card slot
 2 x USB (2.0)
 1x IEEE1394
 1 x SD card / MMC card / memory stick
 1 x CF slot
 1 x LAN RJ-45
 1 x modem
 1x VGA
 1 x S-Video line out
 1 x line out (S/PDIF combined use),
 1 x S/PDIF, 1 x headphone, 1 x microphone,
 1 x DC-in

Communications

Built-in 10/100 Mbps LAN (RealTek 8101) Fast Ethernet adapter and V.90 56K multinational MDC modem, Intel PRO/Wireless 2200BG LAN (802.11b/g); separate on/off switch for wireless network connection

Wireless Technologies (WLAN)

Import and usage according to country-specific regulations

Audio

RealTek ALC203
 SoundBlaster™ Pro compatible stereo speakers

Keyboard and pointing device

Keyboard with Windows keys (82 keys)
 18 mm pitch, 2 mm key stroke
 Two mouse buttons and scroll button

Graphics

Intel 855GME with integrated 32-bit 3D/2D graphics core with dynamic video memory technology, 256-bit internal pass, 3-D accelerator VRAM, 32 MB / 64 MB DVMT DualView (Windows XP/Windows 2000)
 Max. resolution for external displays
 1600 x 1200 / true color / 85 Hz

Display

10.6-inch wide format XGA Crystal View TFT display / 1280 x 768 pixel

Hard disk drives (internal) *)

60 GB IDE UDMA100 (4200 rpm),
 80 GB IDE UDMA100 (5400 rpm)

Ultra slim drive in modular bay

DVD+/DVD RAM-/R /RW (up to 8x/8+2/24x/24x/16)
 DVD±R/-RW/+RW/RAM (up to 4x/2x/2.4x/2x for DVD writing)

Manageability

The DeskView 5.x manageability software contains the following modules: Desk Alert, DeskFlash, DeskInfo, DeskOff, DeskWoL and DeskView Browser.

The DeskView 10.x client management solution contains a Web based console, an integrated database, DeskView Notifications, DeskView Inventory, DeskFlash and DeskOff.

Mobile management

PXE, DMI 2.0 and WfM 2.0 compliance (for LAN only), Built-in network controller with Wake-on-LAN support

Security

User and supervisor BIOS password
 Password from resume, Kensington Lock support
 S.M.A.R.T hard disk drive with password
 Boot sector virus protection

Power supply

1st Li-Ion battery:

6 cells, 10.8v, 4800mAh,

2nd Li-Ion battery as option:

3 cells, 10.8 V, 2300 mAh

Battery runtime:

1st battery: up to 7h 30 min

1st + 2nd battery: up to 10 h 30 min

based on Mobile Mark 2002

External AC adapter:

Rated voltage (AC input) 100 – 240 V

Rated frequency 50 – 60 Hz

DC output 16 V, 3.75 A

Operating conditions / temperatures / dimensions / weight

Relative humidity 20 % - 85 % (running)
 (non-condensing)

Ambient temperature 5° - 35° C (running)

Dimensions (H x W x D) 32.5 ~ 35 x 261 x 199 mm

Weight: 1.3 kg (without bay option)

Certifications

CE Marking, Energy Star, Safety, UL/cUL,
 CB Generic Report, T-Mark

Software

Adobe Acrobat Reader 6, Norton Ghost 2003,
 Nero 6, Odyssey client, Intervideo WinDVD 5,
 Driver and Utility CD

including F-Secure Antivirus

Easy Guide on-line user documentation

Options / Accessories

512 MB DDR SDRAM,

Floppy disk drive (external only via USB)

12 V adapter for cars and planes, PC Cards (ISDN),

USB Port Replicator,

SecureIT Suite and SmartCard adapter,

Carrying case

*) 1 Gbyte equals one billion bytes, when referring to hard disk drive capacity; accessible capacity may vary, also depending on used software and tool.

**) Battery life may vary depending on product model, configuration, applications, power management settings and features utilized.
