

Pocket LOOX 400 Series The little, big mover

Issue September 2004

Pages 2

People who spend time out and about will appreciate this small and stylish pocket office. Manage contacts, send and receive e-mails, and access your office data whilst on the move. Expand your Pocket LOOX 400 Series with SD / MM cards for more functionality. Enjoy working with the brilliant TFT display.

The integrated Windows Mobile Software 2003 for Pocket PC offers you a wide range of applications.

- Small and compact form factor to fit in any pocket
- Stylish design for every profile - in and out of the office
- Enjoy the viewing quality of the brilliant 3.5" transfective color TFT TouchScreen display for both indoor and outdoor use
- Expandable to your personal needs using the integrated SD I/O card /MM card slot for more functionality
- Choose the type of connection that suits you best: Infrared, Bluetooth* and WLAN (Bluetooth and WLAN depending on model)
- Broad range of accessories like GPS navigation kit, carry cases, SD memory cards, etc...
- Rock solid product: Mechanical and functional stability through extensive quality tests
- Long battery time: May even be extended by additional batteries, easily exchanged whilst your data remain safe
- Fast access to your favorite applications through Fujitsu Siemens Computers Speed Menu

* ActiveSync and certain profiles are dependant on third party Bluetooth hardware capabilities. Please check profile availability on remote device to ensure compatibility. Fujitsu Siemens Computers Bluetooth dongle is recommended for maximum device compatibility (order code: S26391-F2461-L200).
